Bryant Service Club

Providence, R.I.

Dear Members:-

I want to thank you for the several packages I have received from you. I had left Texas when the Christmas package was sent, but it was forwarded to me and arrived in excellent condition.

You are all to be commended for your fine spirit and thoughtfulness. No doubt you have close relatives or friends of your own in the service that you also remember. When too, I understand your courses have been stepped up to enable you to get out as soon as possible to take jobs where you are badly needed. Taking time out for the Bryant Service Club when you already have so much to do is most gratifying I in case to the men and boys who are away from home. Especially, those who are in the foreign theaters.

Incidentally, you can tell the Hawaiian
Academy that John W. Conroy, Jr. - Bryant '35 is now a 2nd
Lt in the Quartermaster Corps and is stationed in the Pacific
Area.

Again I thank you all.

Sincerely

W. Earl Anthony, Jr.
2nd Lt. U.S.A.
