Bryant College Service Club

Bryant College

Providence, A. S.

Dear Friends:-

Many thanks for your appreciated letter and copy of "On The Campus", which I received today. It sure seemed good to hear those familiar names again and almost made me wish that I were back with you again, but I wouldn't give up the Navy for any amount of money.

After finishing my "boot training", a period of five weeks, I was transferred to the Sea Unit and now I am settled in school (again) for four months. Although it isn't what I had hoped to get I am entirely satisfied because it is a much better rating. So. —

Being slightly limited on time I
will have to close for now. Still,
here's wishing the Bryant Service
Club many successes and I hope
that all of the other alumnae feel
the way that I do about the club.
It's Top!

Best of Luck from the Navy.

Lawrence J. Karban
Siaman 2/c

P.S. more school tonight as I can
learn how to rid the country
of these "so-called" Nazis and
japs. So-called because what
I think of them can't be read
by young ladies.
