Dear Service Club, Pt. Hall, [illegible]

Mighty pleased to receive your swell and snazzy Christmas V letter which came today. Been something since I heard some news about some of the alumni and going on back there at the alma mater.

Glad to hear Bill Squier '40, my class, is safe and that Ben Leach is also safe and sound. I had heard about some time ago, have surprising news about Mr. Naylor taking the big step as I remember him as the confirmed bachelor. My congratulations to him. The news about the other marriage is interesting to me I know them all.

Since you have last heard from me life has gone quite some travelling and have had some harrowing experiences as I landed on this land that very first day of the invasion. To all those studying shorthand tell them they should try it indulging plenty weekend, lunches, hunting and big game hunting — really some problem at such a time. I see now and then from some of the fellows and they all seem to be doing fine.

To the club and all I wish a Very Merry Christmas and Happy New Year.

Tom K. Ono '40
