Dear Sir:

I wish to notify you that recently I had the pleasure of receiving a box of candy from the Bryant Service Men's Club.

At this time, I would also like to send my thanks to you, not for the candy alone, but for the fact that you have made me a part of your group, even though I am on the receiving end.

I was glad to hear that Bryant had such an organization, and sincerely hope that all the men you serve are as glad to hear from the college, as I was.

Very truly yours
