Bryant Service Club;

I received your gift today and I cannot put into words how much I appreciate your gift. The reason I received the gift late was that I was out on a three day hike.

The boys at Camp were surprised when I told them who sent the gift. They all agreed that your club was a fine organization.

I have done quite a bit of traveling since leaving Bryant, but I will never forget the days I spent at school.

I hope that the Service Club can continue to help Bryant boys in the service.
