Dear Sir:

I received your very thoughtful gift of cigarettes. I really appreciate your kindness and sending them and want to thank you very much. It means a lot to a man in the service to know that some one is thinking of him.

I think that your program is an excellent one and will be received with favor by all the boys out here in service.

I spent my a pleasant day at good old Bogart and hope to visit with you in the future. Thanks again.

Your friend,
Louis H. Schabbe, Jr.
