Bryant Service Club
Bryant College
Providence, R. I.

Dear Club Members:

Thank you very much for the cigarettes and also
for the very interesting letter.

I was very pleased to hear that three of our Professors are
entering the Army with Commissions. Perhaps I will be lucky
enough to serve under one of them in the not too distant future.

My address has been changed slightly, from

Headquarters Sq. AAF
Bolling Field
Washington, D. C.

To;

Headquarters Sq. AAF
Gravelly Point, D. C.

The boys in the Service will always remember the kindness
of the Bryant Service Club which is a reflection of the spirit which
has always existed at Bryant College.

Gratefully Yours
