Providence

Dear Members:

Thank you so much for all you have done for my son Robert B. & I am so sorry he has not shown to you his appreciation.

He has evidently appreciated them as he has written me about receiving two boxes of chocolates from you. I send him cookies some times. They have plenty of food in a way but they do miss the home food and the sweets.

Robert B. has moved again just last Mon. Jan 25 & if he has no failure in the air, landing or in his studies will receive his wings & 2nd Lieut. upon completion here. Address - above.

Again thanking you for me & for him.
(Mrs Robert J. Swain) Lucile Swain
