VOL. I. No. 3.

BRYANT COLLEGE, PROVIDENCE, R. I.

APRIL, 1946

Date Set For Greek Letter Dance

Myles Boothe Named General Chairman; To Engage Name Band

The traditional Greek Letter Dance, sponsored by Sororities and Fraternities of Bryant is to be held in the Ballroom and foyer of the Billmore Hotel. Services of a "name band" are expected. The announcement of the selection will be forth coming. This most formal of Bryants' dances is to be held Friday, June 14, 1946.

In a recent meeting attended by the Presidents of Sigma Lambda Theta, Phi Kappa Tau, Beta Sigma Chi, Tau Epsilon, Kappa Delta, Kappa Beta, Beta Iota Beta, Sigma Lambda Pi, Sigma Iota Beta, and Beta Sigma Gamma, the following committee

chairmen were elected to serve under Honorary Chairman Henry L. Jacobs and General Chairman Myles Boothe. Chairman of the Entertainment Committee, Eileen Kingsley; Chairman of Publicity, Charles Wielgus. Program Committee Co-Chairmen are Felix Amoroso and Samuel Mickelson; Ticket Chairman, Co-Chairman Mary Rabbot and Catherine Combs; Refreshment Committee Chairman, Ethel Waxter; and Financial Committee Chairman is Jerome Goldberg. Each of the committee chairmen are to appoint five committeemen selected from membership of the sponsoring sororities and fraternities.

Myles Booth, president of Tau Epsilon Fraternity, was elected General Chairman of the Dance. Myles has been prominent in many college functions and is one of the leading members of the Student Council. He has announced that the plans for the dance are well under way and from all present indications the dance will be one of the best dances of that kind ever to be held at Bryant.

GLEE CLUB TO GIVE CONCERT

It has been announced by Mr. Ralph S. Handy that the men's and women's Glee Clubs of Bryant will combine in June to present their annual Spring Concert. The Orchestra, also under the very capable direction of Mr. Handy, will present several unusually-arranged selections from the classics and from the latest musical show hits.

ARCHWAY STAFF VISITS JOURNAL

On March 8, the various and sundry staff members of your newspaper visited the Journal-Bulletin. Mr. Willard one of the chief engineers of the paper proved to be an excellent guide and didn't seem to mind showing us in detail many of the more interesting points of the paper. The room which houses the multiple-ton rolls of blank paper is more or less the cellar of the Journal building. This was our first stop.

From this room great rollers churn blank paper upwards and through the presses located on the first floor. On the same floor with the great machines which turn paper and steel into a voice that sells for four cents on a street corner, the advertising and commercial departments are found.

The editorial rooms, teletype room, photographic and dark rooms are located on the second floor. We found the type-setting room interesting because there we saw whole pages of the newspaper set up, for trial more or less, before they were actually set into the lead plate for the presses. The Bulletin, one of an incorporation of seven newspapers, receives news from both the Associated and United Press Organizations. Reuters of London wires both news and photos to the Bulletin through the Associated Press in New York.

"BB"

Masquers Hold Dinner

The Masquers, our dramatic club, held an enjoyable dinner at the Dreyfus Hotel last Thursday, March 14. Other than Miss Buculo, the advisor, there were about twenty members present. After the dinner the majority of the girls "took in" a show.

As you may remember in a recent college assembly, Jennie Drozd, president of the Masquers, made an urgent request for more members, girls and boys alike. You do not have to act! There are millions of things to do, such as: Stage setting, make-up, costumes, and art work. True, if you can act do not hesitate to join.

The orchestra will accompany the Glee Club and its featured soloists. Among the soloists will be Craig Edgar and Bea McCrudden. It is expected that the reception of this formal evening Concert will be campus wide, because the Glee Club concerts in past years have proved to be one of the most popular events on Bryant's social calendar.

TO HOLD SPRING FEVER FESTIVAL

The Semi-Formal Spring Fever Festival sponsored by Sigma Iota Chi sorority will be held on May 4, 1946 at 8:30 p.m. in the Bryant Auditorium.

The entertainment committee headed by Claire Messenger has announced that the feature attraction for the evening will be the election of the May Queen. Music for the evening will be provided by Tommy Masso and his orchestra.

Come one and all to start the formal season off right. The Spring Fever Festival will be the talk of the campus for months to come with its unique idea of decorations showing typical scenes of spring.

Tickets for the formal may be obtained from any member of the sorority and are \$2.00 a couple.

BETA SIGMA CHI IS REVIVED

Beta Sigma Chi one of Bryant's oldest fraternities has been revived after being on the inactive status for two years.

It received its charter from the State of Rhode Island May 6, 1925. It became, and remained until 1944, one of the most active fraternal organizations on the campus. The draft and enlistments into the armed forces brought about Beta's temporary inactivity.

Four members of this fraternity have now returned to Bryant to resume their studies and have been instrumental in re-organizing the fraternity. They are: Mike Dwyer, Louis Glaiel, James Dow, and Charles Wielgus.

Recently, a meeting presided over by Charles Wielgus was held for the purpose of forming a re-organization committee. The following were present; Frank Zorra, Joseph Sorbo, Curly Vezina, Eugene Stevens, Martin Brucker, William Bento, John Sullivan, George Miller, Erward Andrews, Paul Gauthier, Russell Bousquet, John Glaze, Wallace Johnson, Arnold Litvin.

PHI KAPPA TAU IS ORGANIZED

Phi Kappa Tau, the newest fraternity on the campus that was only formed two weeks ago, held its first meeting recently. The purpose of this meeting was to elect the first officers of the fraternity.

Felix Amoroso was elected as President; Everett Hskett, 1st Vice-President; Henry Jasper, 2nd Vice-President; Stanley James, Secretary; Bernard Blais, Treasurer; Mr. Dickerman as faculty adviser.

Dr. Dorizas To Speak At Assembly

At the assembly on April 12, Bryant College will have the honor to present Dr. Michael M. Dorizas as the guest speaker. Dr. Dorizas, affectionately known as "Mike" by his host of friends in many parts of the world, is one of the best-loved educators in the country. His extensive travels in all parts of the globe, his broad outlook on vital national and international affairs, his witty and logical presentation of facts, his energetic manner of speech and delightful personality make him an excellent speaker on the subject, "The Problem of Soviet Russia".

In an eventful lifetime, the major portion of which was spent in travel and study of the problems of men and women the world over, Dr. Michael M. Dorizas has gained an amazing understanding of humankind such as can be equalled by few individuals today. He is known throughout the Americas, Europe, and in many parts of the world as a distinguished educator and a great humanitarian.

Dr. Dorizas was born in Constantinople, the son of Greek parents, while his father was First Secretary of the Greek Legation. He was educated at Robert College in Constantinople, where he gained fame as a member of the Greek Olympic team, and later received his Ph. D. at the University of Pennsylvania. He was in the U. S. Army during World War I and was appointed geographic and linguistic expert in Syria and Palestine with the American section of the International Commission on Mandates in Turkey.

Presently a faculty member of the Wharton School of Finance and Commerce at the University of Pennsylvania he has repeatedly been voted the most popular pro-

(Continued on Page 4)

BETA IOTA BETA ELECTION HELD

Beta Iota Beta fraternity recently held a special meeting for the election of the new officers. By a unanimous vote the following members were elected to represent the fraternity for the coming term: President, Samuel Mickelson; Vice-President, Herbert Page, Secretary, Alfred Iwanski; Treasurer, Bertrand Fournier; Sgt.-at-Arms, Elden Goldenberg.

For the first time in the history of Beta Iota the election was unanimous. In view of this fact and that all members of the fraternity are showing complete confidence in the fraternity and in the new officers. Beta Iota is looking forward to reaching new heights.

LET US BEAR IN MIND

If America shall be spared the ordeals greater than those of physical conflict, she must keep fear and hate beyond her borders and out of her internal affairs. We are of all races and tongue and colors. Our mighty stream of life has been fed by every human fountain of the earth. We cannot fear or hate Germans or English or French or Italians without fearing and hating ourselves. Certainly we must keep the issues clear. Where human freedom is endangered, where religion is ravished and helpless minorities decimated, there can be for us no neutrality of thought or action. Always when the struggle is thus joined, neutrality is sin, but always, too, fear is a fatal weakness and hate the greater sin.

For America the supreme struggle is the struggle now to be waged in our own souls against these hidden, sinister foes that would destroy us. At the moment we need not be greatly concerned because of possible foes from without, but it is not too soon to concentrate our moral and spiritual forces against these inner enemies. Some of our noblest citizens have already experienced the averted glances and worse, of their neighbors because they, or their parents, or even their grandparents were born under other flags than the Stars and Stripes.

If America would be strong she must find her strength in unity and from within. If America would be sufficient for the Peace, she must know the love that will cast out fear.

Those who so act as to turn one of us against another, those who, to advance any cause whatsoever, fill the ether or legislative halls with violent speech or who incite to intolerance, speak neither for nor against a foreign power, but against Christian faith, against America, against world peace.

The people of America are raising their voices, crying out in protest against racial and religious prosecution. But their song is a song in the night. God grant that it may be heard.

—Editor

Many a girl has made herself a spectacle with two glasses.

Be friendly with the folks you know. If it weren't for them, you'd be a total stranger.

Do You Want To Be An Editor?

Have you ever wanted to be an Editor of a newspaper? If you have here is your chance!

The Student Council is going to conduct an election very soon. The purpose of this election is to choose the new Editor-in-Chief for next year. If you would like to enter the competition just give your name to the present Editor or deposit it in the Newsbox. You will be notified later of any particulars. The deadline for the entries is April 12, 1946.

Remember, Students, this is your paper, you should take an active interest in the election of the new Editor.

How about YOU? Have you submitted YOUR name? If not why not do it NOW?

A Challenge To You

Bryant College has lost its gay and merry life because its lost the forever important college spirit. It's no use kidding ourselves. That's the way things are. But it is not the way they should be, and it is definitely not the way they will be if The Archway has anything to say about it.

What we need here are more student activities, a good half dozen more. The students at Bryant number almost nine hundred and should certainly engage in extra-curricular affairs if the opportunity is accorded them. All that is lacking is the initiative and enthusiasm to start the ball rolling. Once begun, the new organizations will surely get on a firm footing and receive excellent support from all.

Last term there was talk of a political science club. What happened to it? You can't tell us enough Bryant men aren't interested in current affairs to form some sort of club! How about a debating team? It would give our numerous Campus lawyers an opportunity to display their forensic talents.

The Masquers produced an excellent play last term. We haven't heard as much as a "boo" from them since that time. What's wrong? Certainly not a shortage of hams? Why couldn't we have a camera club? Bryant teems with photo fiends.

Our hard-working basketballers deserve enthusiastic support. Why not organize a group of cheerleaders? Why not, indeed? We all like music, so how about an orchestra? Play it hot, play it sweet, but play!

The Archway hereby flings down the old glove and openly challenges the Bryant student body to organize some activities that will alleviate the dismal bore which college life has become. This is a challenge, not to some mysterious George, but an individual dare to you, and you, and you! ! !

Success never gives us a good opinion of ourselves. It only confirms it.

The greatest amount of smuggling is done over the borders of morality.

AROUND THE CAMPUS

Sigma Iota Chi

Hi. Ho. It's off to St. Louis we'll go! On June 15, 16 and 17, Sigma Iota Chi National Sorority will have a convention in St. Louis, Missouri, and Beta Theta Chapter will select two girls to go as its representatives. There are a number of girls besides these two who are eagerly looking forward to the trip.

While there, the girls will be able to determine what the other chapters are doing in the way of activities, projects, and ritual work. Meeting people, attending meetings and traveling will keep the girls fully occupied during those days.

No friendlier "brother" and "sister" get-together will ever be found as witnessed last March 20 when Phi Sigma Nu and S.I.X. had their joint meeting at the school. After adjourning dancing and refreshments were enjoyed by all.

Beta Iota Beta

The Beta Iota Beta fraternity and Sigma Iota Beta Sorority held its annual formal dance recently at the celebrated Metacomet Country Club. A large group was in attendance, and they enjoyed a pleasant evening dancing to the music of Tommy Masso and his orchestra.

Highlighting the evening of fun and merriment was "Duc" Jacob's impersonations and renditions of the day's many popular songs.

March the 26 was the night that smoke was seen pouring out from the Auditorium's walls, roof and floor. Yes, there was a smoking smug time that night. What caused it... it's elementary, Mr. Watson. The Beta Iota Beta fraternity was holding its annual smoker.

Featuring entertainment coupled with tasty food the B.I.B. Fraternity greeted the new comers with welcome salutations.

Newman Club

A Communion Breakfast for the Newman Club members will be held on April 23, 1946, the Sunday after Easter, in the St. Joseph's School Auditorium.

All members who wish to participate must attend mass at 10:00 a.m. at St. Joseph's Church on Hope Street. A portion of the church will be reserved in order that members may receive communion in a body.

As this should be a memorable occasion to all, for it is the outstanding event of our organization, everyone should attend. Souvenir cards are to be distributed.

Tickets for the breakfast are \$1.25 and may be purchased from anyone on the Board of Governors.

Sigma Lambda Theta

On March 2, despite the heavy downpour enveloping Providence, the Bryant gym was the high and dry scene of Spring's first touch, the Sigma Lambda Carnival. The gym, decked out in a rainbow of circus colors, rocked with the strains of Al Williams and his Orchestra. Need we say more?

During rush week on campus Sigma Lambda Theta extended a welcoming hand to its future hopefuls by giving a bang-up party in their honor on Wednesday evening, March 27.

Phi Sigma Nu

The annual St. Patrick's Dance was held Saturday, March 16, 1946 by the well-known Phi Sigma Nu Frat. Vinnie Dee and his band provided the music for a crowd of 300.

Have You Met?

John Laroche

John Laroche, first semester Accountancy and Finance student, hails from way down West Indies way. Although it is indeed many a mile from here to his home in Haiti, John's ambition to join the exclusive circle of accountants has

led him to the doors of Bryant. After receiving his degree, it is his intention to return to Haiti where he hopes to meet successfully the challenge of the business world of which his father is already an outstanding figure.

Haiti is an independent French-speaking nation whose area is 15,000 square miles and whose population numbers about three million. The majority of people are engaged in agriculture, coffee, cotton, sugar, and sisal rank foremost. The country is also known for a very excellent quality of rum.

John reports that his country offers many high points of interest. Tourists from the world around marvel at the varied cultural features of this small republic, particularly to be noted is the "Citadel," built in 1811 by the only monarch of Haiti, Henry Christophe. This fortress, which stands on the summit of a mountain, is acclaimed by all who view it as the eighth wonder of the world.

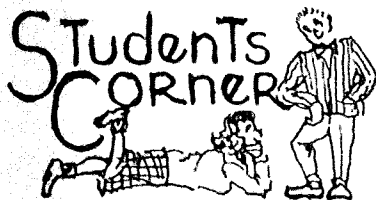

A warm climate guarantees mild-weather sportsmen a year-round paradise. Favorites are swimming, canoeing, horseback riding, soccer, tennis, and ping-pong. There is a preference for Latin-American rhythm over that of the waltz or the fox trot; the "meringue" which is quite alien to the jitterbug, is the most popular dance. The Haitians, like the Cubans, have a flair for the gala and make much of the celebration of the Mardi Gras.

John has visited the States twice previously; both trips were taken by sea the World's Fair. Although he has traveled in Europe, John felt that he would prefer to pursue his education in the States. We are indeed happy that his decision was such and are certain that his choice will prove a wise one.

John's brother, Maurice, who took a refresher course at Bryant, is now attending Brown University.

The auditorium was very Irishly decorated with green and white streamers, making a new ceiling. Along the wall and the stage were large and small sized shamrocks, with the Phi Sigma Nu insignia inscribed in the center. We owe a bit of thanks to Pat Zimo and his squad for the wonderful method they used to handle the decorating. Although we were not all Irish I'm sure each and everyone who at-

(Continued on Page 4)

SPORT HIGHLIGHTS

Spurting off to a comfortable lead in the Bryant Men's Intra Mural Basketball league, Tau Epsilon now finds there hold on first place being threatened.

Throughout the first three rounds the Tau Ep's were riding comfortably along without having so much as a serious threat to their title aspirations.

However, with many new students entering in February, the Flying Indies decided that with a few key men they could make a fight of it. The Indies scouted around, got a few new men with basketball experience, and gave the Tau Eps their first upset. With this big win, the Indies continued to win their remaining games and as matters stand now, if the Flyer's win the all important match with the Tau Eps next Monday, together with a postponed game against Beta Iota Beta there will be a tie created for top honors.

Tau Ep lost three of their best players in Gus Dickinson and Ray Keller, who together had competed the huge total of 170 points and Walter Gavitt, their stellar guard. With these valuable men in the service the load proved a bit too much for Boothe and Company and the Indies upset them.

Since their first upset, Tau Ep has also signed several newcomers and are all prepared for their final battle with the Flyers next Monday.

Tau Ep built up such a lead in the first couple of rounds that a win over the Indies will settle the race for the Tau Ep clan.

Tau Ep still has the leading scores with Miles Boothe showing the way.

Girls Sports

About thirty Bryant girls started swimming on Monday afternoon, March 4, at the Boy's Club pool. They will continue for about ten lessons, each lesson consisting of half instruction and half pleasure swimming.

They are being very capably instructed in swimming strokes and in diving.

NEWS BITS

Roberta Rosberry of Erving, Mass., entertained Miss Barbara Barton of Westport, Conn., the week-end of March 21, at Salisbury Hall.

Miss Thelma Snyder became engaged to Nathan Siegal, a senior at Boston University, on March 15. Both hail from West Hartford, Conn.

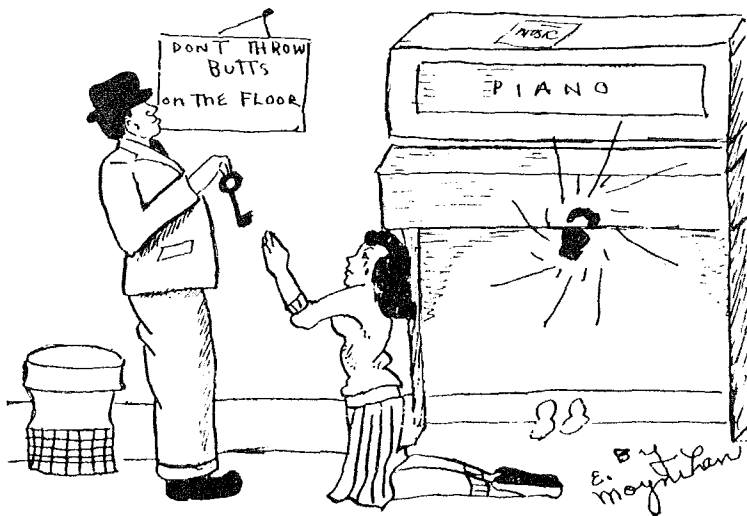

Some school chums of Selma Rubin's from Boston, Mass., spent a pleasant week-end with her at Gregg Hall.

Pvt. Ray Keller, a former Bryant student, is now stationed in Mississippi as a member of the Air Forces.

Miss Roslyn Baskind entertained Max Seigal for the day at her home in West Hartford, Conn. Max is a former Bryant student and a member of Beta Iota Beta Fraternity. Miss Roslyn is a dorm student at Salisbury Hall.

Apprentice Seaman Walter Gavitt, Jr., who recently left Bryant, is now a coastguardsman at Curtis Bay, Maryland. He is stationed directly across the bay from Russell Hogg who is also a former Bryant student now serving in the Navy.

WHY STUDENTS GET GRAY

QUESTION OF THE MONTH

The Question of This Month will be, "Do you think that Bryant should have more sororities, and fraternities?"

The answers for the Question of Last Month, "What is your opinion on a series of lectures concerning a Personal Asset Course for the boys?" are as follows:

I think a personal asset course for the boys would be very good. It should be educational as well as interesting provided that the College engages a good lecturer to give the course. —F. J.

If such a course was started at Bryant I think that it should be a part of our regular studies and we should receive credit for it. If this is the case, I think that it would be a very good thing to have and I am sure that a majority of the students would be interested in it. If the students wouldn't receive

HERE AND THERE

J.T. had better stop ribbing us all; she told us the gardenias on her lapel were the left-overs from her wedding ceremony the night before. A few people almost had heart failure. The shocked look left our faces when she told us a few moments later that she was just joking.

While sitting on campus during a beautiful spring day, Elain Shapiro was stung by a bee, he must have thought she was a flower. Corkey Loeb was quick with her first aid and came to the rescue to pad Elaine's leg with mud. Speaking of first aid, our man Pierce's knee certainly took a quick turn for the better at the sight of a stretcher at that basketball game.

Mr. O'Brien is getting to be quite the absent-minded professor to teach his Law class. We all love him, and we are sure his pupils would miss him terribly if he went to the wrong school some day by mistake.

Bryant is becoming as inviting as the beach with all of our attractive new Waves. I guess some (Continued on Page 4)

credit I think that the majority of them would then feel that it was a waste of time. —C. D.

Personal Assets, like all other intangible assets having no bodily substance,—have a value because of the rights which their possession confers upon their owners. While it is quite true that these personal assets are subject to decreases in value, mainly through ignorance, negligence and abuse, it also follows that they may increase in value by means of careful cultivation and constant day-in, day-out application.

If a course in Personal Assets can wisely and judiciously be introduced and emphasized by a competent teacher, one not necessarily an accountant, or a philosopher, then the good therein cannot ever be completely measured.

In other words, introducing to students, as a whole, such Personal Assets as Perseverance, Industriousness, Initiative, Determination, Conviction, Ambition, and Vision accomplishes tremendous strides in the increase of their value, and in turn makes for a more complete and successful life. —ART YELLE.

Compliments of

Bryant College

Salisbury Hall has a new theme song that goes something like this: "Put down that helicopter mother, we've just done a new grease job on the banisters."

You should have heard the impromptu jam session Mr. Richards put on for a crowd of pleading students after the student activities assembly.

What blond six-footer about the campus has been helping to cement Cuban relations of late?

There doesn't seem to be very much home work in the veterans refresher course, at least not for a couple of the veterans who have been out ringing door bells at night.

Scene of the Month: Mary Caccia helping to decorate for the Phi Sigma Nu dance. Talk about your college spirit!

Mother: "Didn't I tell you not to go out with perfect strangers."

Daughter: "But mother, he isn't perfect."

Mother and five-year-old Betty were still awake at 3 a. m. Betty pleaded for a story. "Hush dear," mother said. "Daddy will come home soon and tell us both one."

First Co-ed: "There are 200 young men in this school and I've never kissed one of them."

Second Co-ed: "Which one?"

She: "Doesn't a still small voice tell you when you do wrong?"

He: "No, a large loud voice does. I'm married."

Gene: Let's elope.
Betty: Cantelope.
Gene: Honeydew!

We see our Advertising Manager has eyes for Mississippi only!

Lost—A dancing partner. Refer to Heckie for further information.

Bowling proves interesting in more ways than one. Doesn't it Sara-lee?

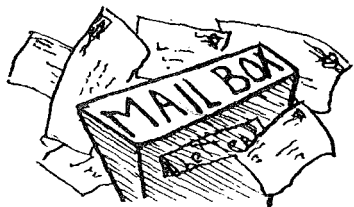

Nobody appreciated the organ grinder as did a combination of Eldridge and Gregg Hall girls early one Saturday morning. Quite an impromptu dance.

Isn't it remarkable what you can buy for a pound of butter. What do you think, Gary?

Character is made by what you stand for; reputation by what you fall for.

Too many years of leading a dog's life has turned many a man into a wolf.

Speak well of your enemies. Remember, you made them.

(The staff cordially invites you to participate in this column by sending in your letters to the editor.)

(Editor's note. Before any letters to the Editor will be accepted they must have the full signature of the person who wrote it. If requested all names will be withheld from publication and will be kept in strict confidence.)

Dear Editor:

All of the students who spoke at the Student Activities Assembly did, in my opinion, a very good job. Most of the students should know now just what the different organizations are doing and what their aim is.

B. C.

To the Editor:

I would like to congratulate Robert Birt on the interesting talk that he gave at the Student Activities Assembly. I think that all of the students realize just what the student council is doing and what their objective is.

M. M.

Editor:

I am glad that the Archway has finally decided to bring down the price of the paper to five cents. Now all the paper needs is a complete over-hauling to make it worth reading.

N. W.

(Editor's note: Have you any suggestions?)

Retracted Statement

In the last issue of the Archway it was stated that Miss McGimsey had taught at Harvard College.

Miss McGimsey gave a State University Extension Course and her class met in one of the Harvard buildings.

The error was caused by a misreading of the announcement of Miss McGimsey's course in the Bulletin of the Massachusetts State University Extension Courses.

The Editor offers his apologies.

Around the Campus

(Continued from Page 2)

tended had an enjoyable time. At the dance the surprise attraction was well under control of Joseph Gentile, Frank Balkum, and Jesse Lombardi. This event certainly was different and loads of fun was had. From the audience the Master of Ceremonies chose two young ladies and two gentlemen to give their version of "How a band leader should carry on."

The young ladies were Mary Caccia and Patty Stewart, who sang for the audience and the fellows were Harvey Sheltzer and Frank Morolla, who won first prize, Five Dollars.

Tau Epsilon

The war ended and the hurricane missed and now spring cleaning arrives to usher in the first peacetime summer that college life has enjoyed in five years. With this thought in mind and the expectance of keen fraternal competition, the brothers of Tau Epsilon laid plans for the coming year.

Because of the largest student enrollment in the history of Bryant, the members of Tau Epsilon at a meeting on March 21 voted unanimously to increase the quota of members to be maintained in the fraternity. However, it was agreed that rushing of students would be limited to three per cent of the student body.

Phi Kappa Tau

What's the biggest and best news to come to Bryant College for many months? It's the talk of the campus, but for you few people who haven't heard we are going to give you a little inside information to get you acquainted with Phi Kappa Tau, the newest fraternal organization of the campus.

Phi Kappa Tau, brought into being only a few weeks ago, has already started on its way to the top of the Greek Letter clans here at Bryant. Our representatives are being sent to the Student Council

Here and There

(Continued from Page 3)

people's opinions of sessions all throughout July are now changed. I don't hear the girls complaining about our new male vets either.

Gregg Hall was a busy little place the morning after Gloria Rigali passed those Feenaments out to the friends who live there telling them that the gum was Chicklets. That is what I call misrepresentation. If all you boys were wondering about the long campus passed on Salisbury Hall, it was a case of the hall stairs being greased with vaseline enabling a few people to trip the light fantastic.

Our boy "Frankie," John J. Kruper, has all the girls swooning at the sound of his melodies that pop out every once in a while during class, that is, when he arrives in time for class at all.

meetings, and they have pledged to do what they can to satisfy student needs and requests.
