Just a line or two to express my appreciation and acknowledgement for the Christmas gift which I received several days ago. If all Bryant grads appreciated the gift as I did, you work is not in vain, as you're doing a swell job.

To all those who still remember me, I send my best regards, and hope this conflicts ends soon, so that we may all enjoy one of those Alumni and Graduation Prome at the Biltmore.

Thanks again,

I remain.
