Dear Sir:

Subject: Your letter and box of candy.

This is to both acknowledge receipt of, and thank you for, the above named subjects received March, 1943.

The extreme lapse of time between the aforementioned date and this letter has been caused by a slight injury incurred on the HOME FRONT, which since has fully healed.

Any information as to the whereabouts and doings of some of my former classmates and fellow students will be greatly appreciated.

Respectfully,

Paul Dworkin
