Hello Bryant;

Have received the long letter from Bryant Service Club & was sure glad to hear from you all. Have just returned back to camp from a 7-day furlough. Am still somewhat weary from the long train ride, but never too weary to hear from Bryant college.

The Bryant Service Club is sure doing a wonderful job & I appreciated the cigarettes you sent me for X-mas. Wish I could ~~be~~ put into words my feeling of appreciation. I'm sure many of our boys have far higher moral because a Bryant Service Club exists. All I can say is keep up the swell work. We soldiers sure appreciate it - especially the letters letting us know what goes on at Bryant. Think Coracci's words

go for me also.

I note that some of our faculty
is now serving Uncle Sam, that the
courses have been changed somewhat
to fit in with our war effort. Things
sure do change. I enjoyed reading your
letter & hope to hear again from you
all very soon.

As ever,

P.S. Am now in the Finance Section.
Payroll is our biggest job & worry.
