

May 17, 1942.

Just a short note to say that I received the swell box of candy you of the Bryant Service Club sent me. I received it yesterday. Well, I hope that everything is going along fine for everybody up there at Bryant, and I hope you people are not studying too hard, (the way I used to).

Everything here is just about the same. I go swimming here, but the water is very warm, not like the water of the Atlantic up there, nice and cold.

I will close now, but I will write again; and thanks again for the candy, it was swell of all of you.

As ever,

Len Sweeney.

P.S. Are there any boys from Bryant down this way?
