Dear Member,

It seems that every letter you write reaches me at a different address & I just received my copy of all the going on at "Ye Olde Alma Mater" and altho it was mailed to me on the 5th of Dec. to Tulsa, it reached me today - somewhere in England. You can readily see from that one fact how much I have traveled and how often I keep moving. It is indeed a long way to Tulsa or even Providence from here, but the postman seemed to succumb to nothing after the first few sentences of your letter. All the news seemed quite encouraging and I, too, voice your hope that you can really have some real old reunions ere another Texas ship goes post. No doubt, the time is growing short unless we'll be able to get together - thanks to so many of your friends & my friends who are making this possible.

Unless your thoughtful package was wrapped in gaily colored tissue I doubt very much whether it'll show a head at all, the circuitous route I took getting here. However, I'm hoping that it does, and regardless, am sending my deepest appreciation for your thoughtfulness & consideration in sending it.

An Appreciative alumnus,
 H. H. Bigda
