Dear Students:

I received your letter in which you sent Christmas greetings and thank you very much. Ho payou had a pleasant time. The packages you sent did not arrive this time. However, please do not feel that it is necessary to send a report as the main thing the boys want on this side is mail.

At this base I have become acquainted with another alumnus, who hails from Pawtucket and his name is Louis Martel. We were in the same barracks at one time and I mentioned going to Bryant and then a lively discussion came up.

I noticed that Mr. Lambert is in the Finance Dept. at Indiana. He sat in back of me in a class of American History at B.M.C. Dunfee High School. Just now I can't remember his Christian name so that's why the mister. Bet you a three penny that he would like to be called that instead of what he may be called now.

Just must compliment you on your smashing letter.

V - MAIL
