

5 Dec. 1943

North Ireland

Dear Friends,

Received a V-letter from you-all just the other day, & want to thank you heartily for the news you sent. I really do believe your service club is performing a definite service & doing a darn good job.

A few spots of news for your interest as reported by Abie's Irish Rose(s). About three weeks ago, who should walk into my office but my brother whom I had not seen since Dec. 7, 1941 - nearly two years ago. The Lord has strange ways - taking me across the ocean to meet my brother. And just a few days ago - Roger Lambert, our Bill's brother, came into the office. I hadn't known he was stationed right here with me, but was certainly pleased to see him & to learn about Bill's I. I. experiences.

We're working pretty hard over here, but I'm really enjoying it. Have my own

little finance office & we're operating few
lessons learned at dear old Bryant College.

My very best to all of the
faculty who still remain. Keep up the good
work & let's hear from you again soon.

Sincerely,

Anna Rose.
