New Haven

Dear Regent Service Club,

I was very surprised to receive your Christmas greeting yesterday. Write me so we it was addressed to Palo Alto, New Mexico and I left this in your box, so you see the money is good on the mail route.

Your news was ~~in~~ good but the best of all was when I read the Ben Hecht, our friend of Regent days, had been found.

By, how come that great fellow on no less to stay while (he might, of course) took the boat off?

Oh, wonderful heavens, that Scott Ward the sailing god of Regent should be turned into a goat - lonely and the moaned.

changed to Harriet Field. Think of the pleasure now
the wife there need & has. In view the teacher
now - note. The school would always expect
something new from the best house now

From your letter everything is changed
around there. How! Ten ~~top~~ girls to every boy!
You are ~~so~~ so good & one girl!

You the news. Not much with me.
Natively since I last wrote, five caravans.
Had a little trouble getting here. Took the
month for the trip. Started at 8 AM 34°
hours, but we had to have something go wrong
and he failed to stop on a little road
two miles long and a hundred yards wide.
Had to wait & little for a part and the
wheels went to wrong place. Finally got home.

Since I've joined the caravan. We
have on forty Chukchi missions. Some
were full and some had a little
left & back to town.

My very first mission was at

remember, much about it. About the
young the English kept around her. But
otherwise she was all. I don't wonder about
a thing said there.

What the hotel going on around me
for? I doubted my own ears. The first
night here. Had an ear ache. I heard a
fistening in the air and moved fast even though
the book had led his mind nothing. That place
the last said she did want to see.

Oppressed now wanted to get him back
a will say. Right now we are in training
out of what flying, on a small large ship. Today
I am back - I could soon become that man
getting my two manners guides and going
home to a rest, this summer.

Now that all this you all enjoyed the
letter. I will yours. Write again soon

Sally
