Dear Bryant,

It was indeed a surprise and a pleasure to receive that nice package of candy you sent. I really enjoyed it immensely as did the other boys in the Office that helped me eat it.

I imagine old Bryant has changed considerably since we left it. I heard that Skatt House noted for the "wolves" when we were there has changed over to the more sedate side

now and has girls there.  
Quite a change, I imagine!

Some of the boys  
still write from all over  
the world; Jim La Russa  
is on Tinian & Donald  
Lubenstein is on Saipan-  
hath in the Marianas.

Dave Kaufman is now a  
Lt. as a bombardier-navi-  
gator training in Texas  
and Jerry Goldberg is  
at Ft. Sain, Washington.

I imagine I'm about the  
farthest away from  
Bryant here in India  
half way around the  
world.

Give my regards to  
the faculty. Thanks again!  
Bob Bernstein
