Dear Members of the Bryant Service
Club:

Thank you very much for
your very nice-and-newswy letter,
and the package of goodies that
you sent to me for Easter. I en-
joyed them both immensely. Of
course, my buddies in the
barracks helped me enjoy the
candy by sharing it with me.

When my buddies asked me
who I got the nice package from,
I explained all about the Service
Club and all that you're doing
to make us feel closer to
home. They were amazed to
hear about the fine things
that you are accomplishing
for Bryant alumni in the
Service. Many of my Army

friends are college and university graduates, but none have a group back at their alma mater that's doing anything like the wonderful thing that you're doing for us Bryant graduates.

We appreciate, sincerely, all that you're doing for us. It's not so much what you send us, but the thought that you have us in mind even though we're so far away. I can easily imagine how much my fellow-alumni ^{members} appreciate your thoughts and packages.

Good Luck to all of you.

Yours for Victory, Soon
