

2 Nov. 1944

Dear Members of Bryant Service Club:

Just received your Christmas package and words just cannot express my appreciation for your kindness and thoughtfulness.

Honestly gang if sure makes one feel glad all over to think and know that the Bryant Service Club is still plugging along. I still can remember old "Dick" endlessly preaching and almost reaching into our pockets to contribute whatever we could for the boys. Some of us thought it funny but believe me it sure is appreciated. I know now, as I'm on the other end.

Thanks again gang and do keep up the good work.
