Mon Cheri, (French)

It was wonderful to talk to you darling. So I'm going to be a French Instructor eh? My God that's all I need. If they try to pin that on me I'll, - well I don't know what but I'll do something.

Gosh I hope I can get off Saturday but don't count on it darling.

I was talking to my instructor after I called you and he said it was almost impossible unless it's an emergency well it will only be 12 more days honey. But I'm still going to try tomorrow, maybe I can give him a like.

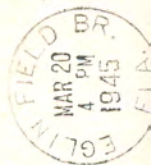

Well now, I told you I  
shoot 200 live rounds today  
and it was a lot of fun. It  
makes a difference when you've  
got guns on that baby. If  
the weather is good I can expect  
to get at least 300 rounds  
a day in, maybe 400, if  
only the weather is good. I  
got in the air about 10:30 this  
morning, if I could have flown  
earlier I'd of gotten 200 more  
rounds in. So with about  
eight days of good weather  
we ought to through.

I'll have to stop now darling,  
it's getting late, time to  
hit the sack.

I love you with all my  
heart angel. Keep your fingers  
crossed about this weekend.  
But if I can't angel, I'll be  
home next weekend sometime.  
Maybe Sunday noon, I hope.

I send you all my love and  
devotion until then my darling,  
I love you - Always, *[Signature]*

Love!
