## *Bryant Chosen by Barron's*

Your alma mater has been selected for inclusion in the prestigious "Barron's 300 Best Buys in College Education." Bryant was chosen from among over 3,000 colleges and universities because we provide quality academic programs at prices below the national average. Criteria for selection included: average test scores of entering freshmen, percentage of faculty with Ph.Ds, room

and board data, percentage of students who graduate and go on to seek higher degrees, financial aid programs, extracurricular activities, academic data, and comparative tuition rates. Bryant students report that they are getting their money's worth in terms of faculty attention, inspiring and useful programs, and personal and professional development.

## *Alumni in the Mud*

"Mud Bowl — This Time It's War" was the theme for the annual Oozball (Volleyball-in-the-Mud) Tournament sponsored by the Student Alumni Association to benefit Special Olympics. Eleven student teams and one alumni team competed in the May 6 event on the Bryant campus. The alumni team, the "Dead Milkmen," won the tournament. The team was made up of 1989 and 1990 grads. SAA member Dave Merrill '90 coordinated the event.

*Kevin Silveira '92 taking Oozball very seriously.*

## *Holiday Hospitality*

Bryant College has a growing number of international students each year. These students enrich the campus community by sharing a variety of cultures and outlooks. They are an important part of the fabric of the Bryant experience.

International students have unique needs. Some may have as much as 48 hours travel time away from home. Our residence halls officially close over long holidays, and although most international students are allowed to stay, many find themselves lonely and

looking for company and a home environment.

You can help. If you and your family would like to enrich your holiday experience by hosting an international student for a few days, for a day, or an evening, please write to Melissa Walker in the Alumni Office. We will be developing a resource list of alumni who may be willing to host students. At holiday time, if we discover a student who needs a host family, we will contact alumni on the resource list to see if they're able to host the student.
