

Munday April 3, 1944

Dear Bryant Service Club,

I received your Easter gift today and was very pleased with it. Cigarettes are one thing which we can always use.

I often think of the pleasant times that I had at Bryant. After the war, I am looking forward to going back and finishing my course.

I have been corresponding with many fraternity brothers and former classmates of Bryant and most of them feel the same way about it as I do. So you can expect to see us all back again some day, which I hope will be soon.

At this moment, I am going to school but will finish in about four weeks.

Soon after, I expect to be sent overseas.

Once again I want to thank you
I think the service club is a swell
organization and I hope that it keeps
up its good work.

A former Bryant student

Pfc. Leo P. Blaine
class of '43
