Members of Bryant Service Club:

I have received one of your very thoughtful gifts which you are sending to all the members of Bryant College's great alumnus. I sincerely want to thank you for same, and can assure you that it is greatly appreciated.

My present address is the address appearing at the top of this paper. Since my last correspondence with Bryant College I have been able to effect a transfer to this part of the country, and am sure happy to be back once again in New England after being down South for almost a year with the 43d Infantry Division in Florida.

I would appreciate very much the inclosure of my name on your mailing list for the Bryant publication, that is, if it is still being published. Would like very much to keep in contact, in a way, with former students of Bryant College who are now in the armed services. I appreciate very much the opportunity of hearing from Bryant College at any time. Once again may I take the opportunity to thank the Bryant Service Club for their very thoughtful gift, and hope to hear from you all soon.

Sincerely,

Corp. Daniel E. Hall
