U.S.  ARMY AIR FORCES

Hello, Folks:

Once again I find time to drop a line and thank you for your thoughtfulness. Your tobacco was swell. There is nothing like a pipeful to make one feel contented of an evening.

Things here are proceeding along about at normal. At present I am helping train some typists, Wacs, to teach these women warriors of ours teletype operation. Someday I hope to be able to see one of our Bryant girls here.

I wonder if you have heard from John Benya recently. I heard from him last week and he informs me that he is now in Merry Old England and intends to

look up Old Nick Coracci. who is  
also stationed there.

I thank you once more for your  
gifts and frequent news about Bryan  
Your letters are really welcome for  
they bring back such pleasant  
memories of our Old Alma Mater.

Sincerely

Wick Hearn
