Gentlemen:

I recall reading one of Bryant's Alumni papers and I would deeply appreciate any service that Bryant renders to her alumni in the armed forces, such as correspondence.

Fortunately and luckily I have made a friend here who also is a Bryant graduate. His name is Alvin Connors "1935" B.A. also of the same address. At the present time he is on duty, but I'm sure he would appreciate any service that you may render.

Thank you for your kind consideration.

We both shall be pleased to answer any of your inquiries.

Very truly yours,
