

THE ARMORED FORCE

Fort Knox, Kentucky

June 15th 1943

Dear Service Club -

A most wonderful surprise happened to me last week when I received your package. It certainly is great to know that the students of Bryant remember us boys in the service. He certainly appreciates it, I know I did.

I'm very happy here in the Armored Force but naturally I miss as every other fellow misses civilian life and as for myself, Bryant College. I only hope to return someday and complete my education, but until then we have a war to win. As everyone knows I also miss a ^{certain} girl very much, but ~~she~~ ^{she} will also have to wait until this is all over.

Thanks again for the swell package.
