Chairman of Bryant Service Club:

Some will acknowledge receipt of package you mailed a short while back. With deepest appreciation, may I state that what the Bryant Service Club is doing shall always be foremost in the minds of those who once attended Bryant College.

Although my days at Bryant constitute a faint but pleasant memory, it really makes me feel grand to know what is taking place.

I also wish to thank you for your thoughtfulness in mailing me our Bryant paper "On the Campus" - it offers a few moments of relaxation and keeps one in close contact with current events at Bryant.

In closing, may I ask - is Phi Sigma Nu still "THE" Fraternity at Bryant?
