Dear John,

I really meant to answer
your letter long before this
but it seems that I never
did get around to it.

Thanks a lot for sending
Shirley Dyers' address. I
saw her a couple times. Thanks
also for giving my name
to the Service Club. However
I haven't heard from them yet.

Don Mullen is an Ensign
now. I haven't heard from
him for a couple of months
so I don't know what he's
doing.

Wake Jennings had a tough break. He got bounced from O.C.S. with only a week or so to go. He's now a Pfc. - somewhere in the South Pacific. He's engaged to a girl he met in Providence - says they will be married next time he gets home, wants me to be best man if I'm around at the time. Louis Metaxas is an aerial gunner in Florida.

Things are about the same with me ~~too~~ except that I'm no longer in the States. Not much I can write about.

Tell Appleby and Richards I was asking for them.

Also remember me to your
Mother and Mae. I hope
to visit school and see
you all when I get home
again. Write again when you
can. I'll always be glad to
hear from you and get
news from ~~the~~ school.

Best to you,
Bob
