Dear Friends, In regard to the package you spoke of sending Thomas I know he received it because he spoke of it in letters to me but I rather think it was delayed as just at that time he was moving to another barracks, since then he has been ill in hospital and just now is about to be transferred I could not give you his address as I have not heard from him in ten days, am waiting. Thanking you for the kind notes you have shown him

Sincerely yours
Gertrude E. Stamford
