To the Bryant Service Club:

Thank you for your Christmas message. It arrived just in time. The names I read brought back many memories. Here in South America or at any other advanced base we lived on memories — we live over the past many times — exist in the present — and plan for the future.

The quickest and best way of passing time is looking forward to the mail plane. Every letter received is appreciated — whether it is a form letter, an advertisement, an old newspaper, or what not.

I hope you all had a pleasant Christmas and that this New Year bring you many happy days.

Sincerely,

Lee Weaver

Poem—on the spur of the moment—

Every bond you buy
Helps a Blimp to fly,
And a Blimp a day
Keeps the sube away.
