Bryant Service Club,

Many thanks for your enjoyable gift. It was a pleasant surprise. It's a grand feeling to know that the boys in the service are still remembered by our former classmates.

Most of the boys in my company are either E.R.C., like myself, or college graduates and they all thought that it was a grand gesture, and Bryant made a very good impression on them.

I'm sorry I haven't been able to answer sooner, but being in class morning, noon, and night doesn't give me very much time to write. I will complete school tomorrow and will probably be sent to some other camp. I will notify you of my change in address.

(over)

Thanks again for everything you've
done.

Sincerely,
Frank Zorra
