BRYANT COLLEGE, PROVIDENCE, R. I.

MARCH, 1946

Bryant College to Enlarge Campus

150 Foot Classroom Building To Be Erected

Bryant College has already made plans to increase its facilities for both study purposes and for recreation which will be put into effect this coming term, according to Mr. Gardiner Jacobs, Vice President of the College.

A new lot, 215 feet deep and 120 feet wide was purchased and is located behind Harriet and Eldridge Halls. A 150 foot building, that will contain classrooms will be erected on this lot. Work on this building will start just as soon as the weather will permit and it will be ready for occupancy next fall.

Besides the new building this lot will contain two double tennis courts and two double shuffle boards. It is hoped that they will be ready for use by late spring.

These facilities are being rushed so as to ease the strain on the already crowded classrooms and to make room for the large enrollment expected next September.

This new building will be so constructed that it may be converted into a field house containing a gymnasium and other recreational facilities after the enrollment rush of veterans has decreased.

Although no name, as yet, has been chosen for the building, a suggestion has been made that it be named "Memorial Hall" in memory of the students and alumni of Bryant College who lost their lives in World War II.

SIGMA IOTA BETA HOLDS ELECTION

The new election of officers for Sigma Iota Beta took place Tuesday, February 12, 1946. Miss Mary Caccia, retiring President, presided at the meeting. Miss Eileen Kingsley was elected as the new president of Sigma Iota Beta. Eileen is a teacher training student and has been a member of her sorority for a year. She has been very active in the various plays presented by the Dramatic Club and is also a member of the Glee Club and Beta Chi Tau. The vice-president of Sigma Iota Beta, Emma Bianchi, was reelected by a unanimous vote of all the sorority members. The secretary's office, has been filled by a very capable person, Alma Cianci. The treasurer's office has been filled by Phyllis O'Rourke, who will graduate in August with the Secretarial Degree.

The members of Sigma Iota Beta, wish to thank their past president, Mary Caccia, the Secretary, Vivian LaFucia and the treasurer, Mary Dederian for being so cooperative in all the activities held by the sorority and above all making their grand acquaintance.

THE ARCHWAY JOINS W. S. N. S.

The Archway was notified last week that it has been accepted for membership in the World Student News Service whose headquarters are located in Windsor, Conn., with field headquarters located throughout Europe and Asia.

This news service operates along the same line as does the Associated Press. Through this service the Archway will receive weekly news releases concerning other colleges and universities throughout the world. Some of these releases will be published in the first issue of The Archway following the release.

Certain news items from The Archway will be sent to the W.S.N.S. and if they so desire too they will send them to other colleges for publication.

The Archway will receive this service for a period of one year, provided that it adheres to the standard set up by the W.S.N.S. At the end of a year's membership if The Archway has maintained these standards it will be accepted for another year's membership and it will continue to be a member as long as the W.S.N.S. standards are met.

Tau K. D. K. Pledgee Formal Held

The February social season at Bryant College was highlighted by the annual Pledge Formal of Tau Epsilon Fraternity and Kappa Delta Kappa Sorority.

The affair was a tremendous success filling the Ballroom Foyer of the Biltmore Hotel to capacity.

The main attraction of the evening was the installation of the Tau Epsilon Fraternity officers for the spring semester. Milton Bolton, Bryant Alumni and past vice president of the Tau Epsilon Fraternity, performed as host for the occasion. He installed the new officers as a result of the earlier elections held by the fraternity. They are: President, Myles S. Boothe; Vice President, Craig Edgar; Treasurer, Arthur Yelle; Secretary, John Longworth.

After the flow of wine and fine music and the consuming of fish and chicken, Mr. George Richards, faculty advisor for the fraternity, was once again called upon, as in the past 10 years, to do the honors as guest speaker. This popular professor, with a broad smile on his face and a smoking cigar, elaborated upon his experiences as a member of the fraternity since its inception as a national organization in 1911. He is one of the charter members of the society.

VIVIAN THURSTON ELECTED QUEEN

Miss Vivian Thurston was elected Snow Queen at the annual Snow Ball Dance sponsored by Beta Sigma Gamma sorority.

A member of the United States Navy placed the white floral crown upon the queen's head and a gold inscribed compact was presented to her by the sorority. In appreciation for the honor bestowed upon her by the large audience that attended the dance the new Snow Queen sang "Symphony" and "It Had to Be You."

Vivian came to Bryant last September in order that she might pursue the Secretarial Course. She is Vice President of Sigma Lambda Theta and a Moosette. Among her many accomplishments one in particular is outstanding and that is her singing. Her excellent voice has been heard many times at different college functions.

TO HOLD SAINT PATRICK'S DANCE

The annual St. Patrick's Day Dance sponsored by Phi Sigma Nu Fraternity will be held on March 16, 1946, at 8:00 p. m. in the Bryant Auditorium.

The entertainment committee headed by Atilio Verrengia has announced that the music will be provided by Vinnie Dee and his orchestra who is noted for his "Music of Distinction." There will be an added feature during the intermission that will provide a great deal of entertainment for all.

Come one, come all, and partake of an evening full of enjoyment. Everyone enjoys himself at a Phi Sig Dance. Remember March 16, as a red letter day on your calendar, a must in your appointment book. Never before has such a form of entertainment been tried at a college dance, it will be a pleasant surprise.

Tickets for this evening of fun and frolic are 75c and may be obtained from any member of the fraternity, otherwise tickets may be purchased at the door.

A tribute was paid to the retiring officers of Tau Epsilon Fraternity for their untiring services during the past semester. They were: President, Robert Arzouyan; Vice President, Myles S. Boothe; Treasurer, Robert Mallaly; Secretary, Craig Edgar.

Music for the after dinner dancing was provided by Tommy Masso and Company.

NEW MEMBERS OF FACULTY NAMED

With the coming of the largest student enrollment in the history of Bryant, five new teachers have been added to the Bryant faculty.

Mrs. Agnes W. Carter

Included among the newer members of Bryant's faculty is Mrs. Carter who comes to us from St. John-bury Academy in Vermont, where she was head of the Commercial Department. A native of Vermont, Mrs. Carter has twenty years of teaching experience behind her. She was graduated from Keene Teachers College in New Hampshire. During the summer of 1928 she traveled in Italy, Switzerland, France, and England. At Bryant she will teach Shorthand, Typewriting, and Vocabulary Building.

Mrs. Henry Cruickshank, B.S., M.B.A.

A graduate of Harvard Graduate School of Business Administration, Mr. Cruickshank was a former member of the faculty of Northeastern University, Boston, Mass. He has a number of years experience as a Public Accountant and Industrial Engineer. At Bryant he will teach Senior Business Administration subjects.

Miss Marion McGimsey, A.B., M.A.

Miss McGimsey (pronounced Mc-Jimsey) was a student in Vienna and was graduated from Russell Sage College and New York University. Formerly of the faculty of Boston University and Harvard College, at Bryant she will teach English and Educational subjects.

Mr. Francis E. Northrup

Having just returned from three years service in the Pacific during the war, Mr. Northrup will teach

(Continued on Page 4)

PHI SIGMA NU ELECTION HELD

Phi Sigma Nu, recently, gave a dinner for its members, at which time the semi-annual election of officers was held. The dinner was held in the Colonial Room of Oates Tavern, North Providence.

As a result of the elections the following men were installed in office: President, Robert Birt; Vice President, Joseph B. Damon; Secretary, Walter Brossseau; Treasurer, Gilbert Coran; Asst. Treasurer, George Farrar; Sgt.-at-Arms, Harry Williams.

On taking office each man thanked his brothers for their confidence, assuring them that everything would be done to carry the name of Phi Sigma Nu to greater heights than it has ever reached before. A rising vote of thanks and appreciation was given to the retiring officers, who led by John Liodia, have given the fraternity a term of faithful and beneficial service.

"Peace On Earth Perhaps"

It would be an epochal and wonderful thing if the ideals preached by men of good-will should suddenly transform the world. But it's not likely—Christianity has thundered these very truths for 2000 years and they have fallen unheard in a wilderness. But wait... today, this very minute, these moralizings, always recognized but never practiced, have an urgency none can ignore. The precepts of humanity are suddenly armed with a threat more immediate than God's anger.

When Hiroshima, a city the size of Denver, Colo., was blown flat by a single bomb, with it went the possibility of an imposed peace, enforced by any group of major powers such as Britain, Russia and ourselves.

The atomic age will be no spectator of size. The potential aggressor can be any where; it can be a nation as minuscule as Albania and Monaco. A small state with a few competent, willing scientists can embark on world conquest as easily as a great one.

This issue is very clear. We must lick the world or join it. There is no other or easier way out. In 3 or 5 years it may be too late; in 20 it certainly will be.

For the first time in the history of man cold, logical self-interest is bedded with the most lofty ideals. We become one world or we become none. We become one race, one human kind, one brotherhood of man—or we die.

The choice which lies before us is as simple as that.

—Editor.

Newman Club Hears Father Kelley

On the 13th of February an evening meeting was held by the Newman Club with Father Kelley of St. Joseph's as the guest speaker. His topic was "Love and Marriage."

This address by Father Kelley was mostly general in nature although he explained clearly and completely the necessary foundation and the price which must be paid for a happy and successful marriage.

His impersonal attitude and expert handling of this still touchy problem set everyone at ease and impressed them with the serious-

AROUND THE CAMPUS

Newman Club

Newman club members are in store for a surprise at their next formal meeting in March, for the guest speaker at that time will be the notable Father Harry Kelley from St. Raymond's Parish and Father Kelley is keeping his topic a secret. Nevertheless, be assured of an enjoyable evening for Father Kelley has a wide variety of subjects to choose from and he undoubtedly has numerous matters of not only religion, but personal experiences, as well, to relate.

Members are again urged to submit questions for the question box discussion at the end of the formal lecture. Everyone should take advantage of this newly formed system, because as no religious instruction is offered at Bryant, this is the only way in which members are able to enlighten themselves on any particular phase of religion which might have become vague and uncertain to them. Therefore, members, take advantage and fire away.

As usual, a social hour with dancing and refreshments will follow the meeting.

Plans are being made by the Board of Governors for a Communion Breakfast to be held after Easter. Also the committee would appreciate any suggestions for guest speakers in the future.

Beta Sigma Gamma

All members of Beta Sigma Gamma wish much success to Ruth Kaprove, our former treasurer who is graduating this February. We also wish success to our new treasurer, Elaine Shapiro.

The annual Sno' Ball was held Feb. 2, 1946, in the gym. Under a very effective blue and white color scheme everyone danced to the music of Al Williams and his orchestra.

Early in the evening a raffle was drawn, the winner being Eldon Goldenberg.

At 10:15 Miss Vivian Thurston was crowned Sno' Queen by a member of the U. S. Navy.

(Continued on Page 4)

ness of the matter, so that an intelligent question and discussion period immediately followed the lecture. The members appreciated the importance of his words, and, at no time, were there evidences of any embarrassment or foolishness.

Father Kelley explained that only marriage wherein the two persons involved completely abandon their individuality and become one, willing to pay the price of sacrifice and surrender, will there be true happiness. No union based on the selfish motive of sensual satisfaction will endure, for, like the nappe on a coat, this attraction will fade with the obvious result—separation. Love is a great and sacred state whose price is high, but the dividends of happiness and the feeling of "oneness" received make no cost too great.

These were the few of the basic ideas set forth in Father Kelley's speech upon which he enlarged in great detail. Their truth should be apparent to us all. If every marriage was based on this ideal, yet attainable standard, few would end on the cruel and jagged rocks of divorce.

Special Course For Veterans

One of the little-known, but very interesting courses now among those presented at Bryant College, is the one called the Refresher Course. This course, a product of wartime, is exclusively for veterans, and includes those subjects which will help the veterans to enter Bryant College proper after completing it. At this time, the course is made up of three subjects: Business English, Business Mathematics and Bookkeeping.

During wartime, many young men left college to enter the service. After spending from one to five years fighting for their country, they are now being rapidly discharged, and, of their number, a very high percentage are eager to return to college life. But there is one difficulty: one would be surprised how quickly he can forget the fundamentals of the subjects necessary for attending college. This is the principle reason for the Refresher Course. With a thorough review of business math, English, and bookkeeping, the veterans in Bryant's Refresher Course will be prepared to tackle any subject that they might encounter.

Of course, this idea of Refresher Courses for veterans is not limited to Bryant alone but is also used by many other colleges throughout the United States.

This course also has given many men who have never attended college a chance to become accustomed to the calibre of college work. Using the advantages of the G. I. Bill of Rights, many men who have been out of high school several years now have a chance to prepare for the regular courses at Bryant.

The Refresher Course at Bryant was initiated in September, 1944, and has grown steadily ever since. This March, the course will be taken by about 120 men.

New Students Will Not Get Yearbooks

The Ledger Staff wishes to announce that February entrants of 1946 will not be entitled to a book this year, but will receive theirs in 1947.

The staff would also like to reiterate its previous statement regarding snapshots. In order to make the Ledger more representative of the student body, it is our intention to have many snaps of college life about the campus. Therefore anyone who has snaps and would like to have them in the Ledger may do so by giving them to Dorothy Olter. These snaps cannot be returned.

Very soon all seniors will have to have their photos taken at the Photo-Reflex studios in Shepards. Therefore all seniors should be ready for this some time during March.

"Diplomacy is the art of letting someone else have your way."

* * *

Kissing a girl because she lets you is like scratching a place that doesn't itch.

Have You Met?

Ana Gloria Suarez

Cuba's contribution to Bryant's campus life is one very lovely Ana Gloria Suarez. "Nany," as she is affectionately called, arrived in the States last September but not for the first time, for in prewar days she and her family had toured the eastern coast from Florida to New York. Now that the world is again at peace, let us hope that more of their vacation hours are spent enjoying the beauty of the land which has been, for one year at least, a home to Ana.

Cuba, the pearl of the Antilles, is an independent country whose area is more than that of England and whose population numbers over four million.

Havana, the capital, is a very beautiful city whose charm is enhanced by the old picturesque churches and buildings which have stood since the time of the earliest Spanish settlers. Nany claims that life in the States is very much like life in Cuba; the greatest difference, or at least the one which has had the most profound effect on her, lies in the weather. Although Cuba has four months of cold weather from November to February, there is always sunshine. One of the pleasant memories she will take with her when she leaves is her first glimpse of snow. Gregg Hall girls, who had eagerly anticipated her first reaction, were greatly amused, for Nany was indeed duly impressed; so much so that at first she would do nothing but stare with obvious consternation at the falling white flakes. We do hope she has had sufficient to satisfy.

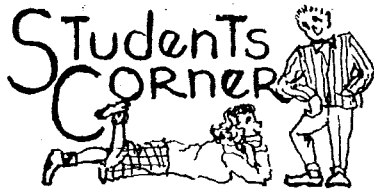

Swimming, motorboating, canoeing, and horseback riding are the most popular sports. Due to the fact that the weather is always mild, cold-weather sports are not enjoyed; however a large auditorium now under construction will soon afford Cubans the opportunity to ice skate indoors while the sun blisters the streets without.

Besides her family, Nany misses most of all the Latin music she loves, but she finds consolation in Cuban records and radio programs. Nany tells us that Cubans love the gala and the festive. The celebration of the Mardi Gras during the month of February is a spectacle to behold; colorfully clad figures dance the Conga through the streets while residents observe all from the balconies of their Spanish dwellings.

Dancing, particularly to Latin music, highlights the social life of Cuba. Although couples are always chaperoned until they are married,

All of Bryant, Nany, hopes that your days here will be merry and bright and all are glad that at least one of your Christmases was white.

Reporter: "I've got a perfect news story."

Editor: "Did a student bite a dog?"

Reporter: "No, a bull threw a Professor!"

It looks pretty bad when at a fraternity party a Bryant Student will take a little 8-year-old girl's coat (by mistake of course) and then head for the bowling alley trying to put it on, wondering all the time just why it wouldn't fit. Maybe you can tell us the story on that, Bob Baker! Was it the coke you were drinking?

There once was a soldier named Mac, Who was cleaning his slacks in his shack.

He used gasoline and that's the last that was seen Of Mac, his slacks, or his shack.

Walking with a friend one day, a professor passed a large fish shop where a fine catch of codfish with mouths open and eyes staring were arranged in a row. The prof suddenly stopped, looked at them, and clutching his friend by the arm, exclaimed: "Heavens! That reminds me—I should be teaching a class."

Professor: If I've talked too long, it's because I forgot my watch and there's no clock in this hall.

Student: There's a calendar behind you!

Many faults have women, But men have only two, Everything they say And everything they do.

Who is the young lady in the freshman class who has all the boys' hearts throbbing when she sings to them while dancing? Did she really sing with Frank Sinatra?

A newspaper is a great invention The Staff gets all the fame The printer all the money And the Editor all the blame.

A chip on the shoulder indicates that there is wood higher up. "Wouldn't your Editor make a nice hot blaze!"

The kings of Peru were Incas, They were widely known as big drincas They worshipped the sun, and had lots of fun, But the peasants all thought they were stincas.

They're telling now days the one about the two morons who went duck hunting. The little one didn't want to take his gun, but the big moron finally persuaded him to take it. Soon when a flock of ducks passed overhead, and the little one shot into the middle of them, one fell. The big moron said: "Now aren't you glad you brought your gun?" The little moron said: "No, the fall would have killed him anyhow!"

SPORT HIGHLIGHTS

In the men's division basketball continues to provide THE sports at Bryant.

Due to vacations, holidays, semester examinations, etc., the intramural league has been inactive the last few weeks, but following the semester vacation hostilities will again begin.

Though they have played about two rounds and a half of the scheduled four rounds the league leading Tau Epsilon fraternity team still have yet to be beaten.

Not only the team as a whole is maintaining its grip at the top of the heap but the Tau Eppers have the three individual scoring leaders for the season thus far. Myles Boothe, who is currently the league's top scorer with a total of 72 points on 34 baskets and 4 foul shots. Ray Keller with 68 points and Gus Dickinson with a total of 61 points follow Boothe at the top of the individual scoring parade. Johnson of the Flying Indies had 60 points followed by John Borelli of the Teddy Bears, the first round leader.

Tau Eps have won all of their 6 games played in the first 2 rounds, being trailed by the Flying Indies with a 3-2 record, the Teddy Bears with a 2-4 record and B.I.B. with a record of 0 wins and 5 defeats.

If the Indies can beat Tau Ep in the next coming league clash, and they promise to make things mighty tough for Boothe, Keller & Co., the league race will become a two-team affair instead of a one-team race.

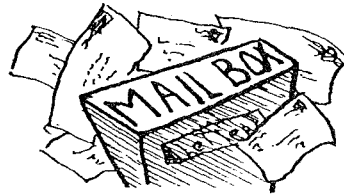

Now we will take a look at the girls' basketball teams. In the individual scoring race Alice O'Day left everybody else out in the cold, that is she did for the first round anyway by piling up 72 points (Continued on Page 4)

ON THE SLY

Welcome, new students, to Bryant's halls of learning. Pass under the archway and draw up a bench. We shall have ourselves a little chit-chat. No doubt you are confused by front stairways and back stairways, but be at ease, for now we're going to creep up the back stairways and take a peek at some person-oddities.

You B.A. students have probably met Dean Gulski by now. Were your knees shaking, were your teeth chattering, were you positively terrified? So was I. But don't let it get you down, chum. He really likes you and is a swell fellow. He's not as tough on a guy as he tries to make you think he will be.

Have you been to class yet? To accounting class, that is. Of course you know what accounting is: accounting is the art of making mistakes so that you can burn the midnight oil looking for them. Mr. Richards teaches accounting I and II. If you sit in a front seat like I do, you will get to know him quite well. The hearty greeting, "Hrumph!" when you come to class late can only mean that you owe him another cigar. Do you have math with Mr. Vinal? Oh, you poor, poor children! Now you will have to "make with the pencil". But, after all, "you're paying for it." "Returning to the subject matter of the previous hour" with Mr.

(The staff cordially invites you to participate in this column by sending in your letters to the Editor.)

Dear Editor:

I positively agree with the student who wrote that letter in last month's issue of the Archway regarding the Student Council. I also would like to know just what they are doing for the good of the students. If they can't do something, why don't they resign and let some of the other students try it. Even if they couldn't do any better—at least there would be harmony.

Dear Editor:

Why doesn't the Archway have a Gossip column?

(Editors Note: The Students Corner is for that purpose, provided that the gossip isn't to personal. On the other hand can YOU tell me how the Archway can have a gossip column if the students won't cooperate by sending in gossip and jokes. The staff has other things to do without snooping for gossip.)

To the Editor:

Congratulations on your first issue of the Archway. It really was swell. I think that you have something worth while there. So keep up the good work.

Editor:

There was quite a few mistakes in your last issue. Didn't you see them before the paper went to press?

(Editors Note: I am sorry that it happened. I did not see them until the paper was finished. Better luck next time.)

Editor:

Why doesn't Bryant have cheer leaders to lift the morale in the school. It certainly would get more students to attend the basketball games or any other sport activities that we might have.

O'Brien will soon become a routine matter. And don't you dare talk in his law class or you will be out chewing the fat with the sparrows.

Mr. Handy is quite the character. He teaches English and directs the boys' and girls' glee clubs. Don't be surprised at his tests on "stuffs and things". They're never on what you've studied. He's a great artist, too, as you will agree, but if his spelling is atrocious—don't blame me.

Miss Avila teaches Spanish and English, and if you fail to do your homework—well, you wait and see. If your class seems too dull, Mr. Krupa would be glad to donate his services. (See Miss Avila for complete details).

Not having had Mr. Mercier yet, I had to do some scouting around for this information. They say his accounting I and Economic Geography classes are always interesting especially when his ears wiggle. I have also found that it is the custom to have a poker face when he tells one of his jokes.

I have met Mrs. Robinson, the Dean of Women, once. At that time

(Continued on Page 4)

QUESTION OF THE MONTH

The Question of this month will be "What is your opinion on a series of lectures concerning a Personnel Asset Course for the boys?"

The answers for the question of last month, "What do you think of the College Assemblies?" are as follows:

I believe that the students of Bryant would not only like but be enthusiastic over an Assembly devoted to religion. Invite a minister, a rabbi, and a priest to give a talk on religion. Also lectures or debates on democracy or reconstruction would be very interesting.

—J. S.

In my opinion I think that the assemblies that we have been having are terrible. It would be a lot more interesting if we could have lectures on world affairs or if we could have a comedian, etc., once in a while. If the college insists on giving us these so-called "educational assemblies" why not mix the assemblies up by having a few "not so educational assemblies" but assemblies that we all would like.

—B. A.

I think that the College Assemblies have been very good. We have had interesting speakers who have talked on interesting subjects. I think that we should have more educational assemblies on the same principle as the lectures given by Dr. Alice Dixon Bond. Her talks on "Words and Their Uses" have been most interesting and educational.

—M. C.

I think that it would be a good idea if for assemblies we had the students' participation. What I mean is have one assembly where each president of the different organizations at Bryant would give a short talk on their particular organization. Tell when it started? How it functions? What their aim is? or anything else pertaining to the organization that would be of interest to the students.

—C. V.

Compliments of

Bryant College

On the Sly

(Continued from Page 3)

I was too nervous to notice any of her mannerisms, if she has any. But I can tell all of you girls that she is really nice. Why don't you get acquainted?

Miss Blaney is the person whom you will all get to know sooner or later, for she is the Placement Director. She is also advisor to the "Archway".

The dorm-girls have probably already met Miss Cassels. I have yet to see her when she wasn't smiling. This shows her friendly disposition.

Mrs. MacArthur is the "keeper of the caf". If you can peer through the crowd, you'll see her working busily behind the counter.

Betty Evans is our smiling bus-girl. She has a smile and friendly word for everyone as she carries her loaded trays.

Peggy Flynn is the girl behind the cash register. I've often wondered how she keeps track of her change. She does, however and smiles as she counts it out.

Joan Todd is our genial checker. "Jay-Tee" is everybody's friend, and is always glad to do a favor. She can be seen quite often having a chat with fellow students under the archway. (I get a commission for using our name so often).

And have you met our editor? I'd better say something nice about him or I'll be fired. Not that there's anything "not nice" to say about him—Bob Dutton is one swell guy. Everyone who knows him likes him. We even get so we laugh at his corny jokes. He's a married man of one year, so don't get any ideas, girls.

Bob Birt is another man you all should know. He not only presides over the Newman Club, but also corrects English papers for Mr. Handy. He is very quiet and has the habit of snapping his fingers.

John Lindia, President of the Student Council and a C.T.T. student, is almost a permanent fixture here at Bryant. If there is anything that happens here concerning the students, you can be sure that John is in on it. He never misses a thing.

So, friends and fellow students, we have finished our tour. Hope you enjoyed peering at people. See you again sometime. "Sheri."

New Members

(Continued from Page 1)

Accounting, Mathematics and Economic Geography here at Bryant. A graduate of Clark University, he has had ten years of teaching experience, and was for three years the head of one of the New England Junior Colleges.

Mr. James Walsh, B.A. C.Ed. Bryant welcomes back one of its own graduates, who was just discharged from the Army. Mr. Walsh will teach Refresher Courses in Accounting and Mathematics. Upon graduating from Bryant he received the degree of Bachelor of Arts in Commercial Education.

Sport Highlights

(Continued from Page 3)

while Jacqueline McKenzie was next with 39 points. The other individual scores for the first round are as follows:

Lucille Gotsell	32
Mildred Valenta	29
K. Darak	10
Madenigian	10
Marjorie Vaughn	8
June Steiner	8

Another sport for the dorm students is swimming. The girls may go Wednesday nights for an hour of general swimming. It is hoped that this will be changed to an afternoon class which will be divided into two groups. One will be for instructions in swimming and the other will be for improving swimming strokes and diving.

The bowling team of the girls' dorm started with a bang on February 8 when every dorm was represented by a team of five girls. They are keeping their scores in hopes of honoring the highest scoring dorm and girl at the end of the season.

The scores bowled up to February 21 are as follows:

Salisbury Hall	380
Gregg Hall	364
Stowell House	362
Eldridge Hall	349
Bryant Hall	339
Harriet Hall	323

Around the Campus

(Continued from Page 2)

Sigma Iota Chi

On January 30 the pledges took their first step in becoming full-fledged members of S.I.X. Collette Dickey presided for Claire Messenger who was ill. Her assistants for the first degree work were Dottie Olter and Vickey Healey.

After the annual banquet which was held on Feb. 14, an impressive third degree ceremony was given. Claire Messenger, president, was assisted by Dottie Olter, Vickey Healey, Shirley Carpenter and Blanche Arzoonan. Also present were Miss Blaney and Miss Buccolo. By now I would say that a certain Dottie would be quite a capable young lady in cutting pies.

Welcome, girls, we sincerely hope you will enjoy the rest of the year.

On May 4 a semi-formal dance will be held at the gym with your favorite bandleader furnishing the music. Committees for the dance have been appointed and something new in decorations will make its appearance and it will please and surprise everyone attending. Come one and all to see the May Queen crowned!

Beta Iota Beta

A gala farewell party was given in honor of sophomore, Bernard LaBush, and freshman, Arnold Friedman, who will leave shortly for service in our Armed Forces, by their fellow brothers of the Beta Iota Beta Fraternity.

Toastmaster, Samuel Nickelson, presented to each of the brothers a universal traveling bak in thoughtfulness in their departure from the fraternity.

Herbert Page, the chairman of the entertainment committee, formulated an enjoyable time for those who attended. Music and outstanding selections were improvised by Robert Smith and chorus.

From what this reporter gathers, the atmosphere at Howard

HOW BIG IS A MAN?

A man's no bigger than the way He treats his fellow man! This standard has his measure been Since time itself began! He's measured not by titles or creed. High-sounded though they be: Nor by the gold that's put aside: Nor by his sanctity! He's measured not by social rank. When character's the test. Nor by his earthly pomp or show. Displaying wealth possessed! He's measured by his justice, right. His fairness at his play. His squareness in all dealings made. His honest upright way. These are his measures, ever near To serve him when they can: For man's no bigger than the way He treats his fellow man.

Johnson's is just what a chorus needed to be in voice, for they say "Bob" Smith's singing of Auld Lang Syne was most professional. It's a gigantic basket of roses to Miss Vivian Thurston from B.I.B. and S.I.B. on her winning of the title of Sno' Queen of 1946.

To the new President and officers of the Student Council, Beta Iota Beta wishes to express their congratulations on their appointment. How about it, fellows, let's get the ball rolling now!

Elden "Hap" Goldenberg, secretary of Beta Iota Beta, was the lucky winner of the Beta Sigma Gamma raffle-drawing Nice going, "Hap."

Sigma Lambda Theta

Pride, honor, and glory fell on the sorority last month when our own vice-president, sweet and lovely Vivian Thurston, was chosen by hundreds of Bryant students to reign as Queen of the Snows at Beta Sigma Gamma's annual Sno' Ball.

And have all you future C.P.A.'s and charming secretaries heard the latest news? The circus has come to the Bryant campus with a "big top" and peanuts for all. The show goes on at 8 p. m. on Saturday, March 2. "One O'Clock Jumps" for hep-cats and "Star Dusts" for you dreamy people will be provided by Al Williams and his orchestra so make a date now to be on deck for the "biggest show on Campus."

Something to Living

There must be something in it I mean this faith men have in God There must be something to living The way men want it so hard His emulations for the wild things Like will-o-the-wisp daisies and such A mackerel sky, a cigarette by the shore And your troubles don't amount to much It's all the way you look at life The way that you take it in stride The wet Aprils filled with lilacs And a pretty young thing by your side Maybe her hair is flowing, or Perhaps it is piled high But you like the curve of her full young mouth And the sound of her wistful sigh Life is all in the sharing The warmth its convivial heart gives Like a four-poster bed in winter Or a house that is lived in, and lives.
