C. G.:

I received your interesting and welcome letter today at mail call. You can't even begin to realize the memories of many happy days at Bryant it stirred.

I've graduated as a Radio Operator and Mechanic, and will spend six weeks here in Flexible Gunnery training; Then will come three months of Operational Training with a combat crew, and finally a Stop at the Jap, or a Gun for the skin (sounds like kind of good).

I received your package and am unable to express my gratitude. All I can say is, "thanks a million."

I'd like you to remember me to Mr. Appleby. Just say, "Chingue, Willie was asking for you." He'll understand. Also give my regards, and the

regards of the "Unholy Six" as we were
known, to all the faculty. To those
of you who don't know they were:
Ray Bette - ASTP - Akron Ohio.
Marv Rague - Blackburn Va.
Bernard (Curly) Kegina - Unknown at present
Frank Zorra - Somewhere in England

I hope to get a furlough in
a few months, and if I do, you
can bet I'll visit good old B. C.

Until then - thanks again for
the cigarettes and letter. Good
Luck in your plans for the future.

Let me meet again
Bill.
