Dear Club Members -

How nice to hear from
you! Your letter pleased me in letting
me know I was included in the
Bryant Club. I received your
package and it was most
welcome - by me and others
in the barracks.

You might like to know that the Post Office has inquired about another package from you, addressed to me, of which only the label was received. It was not from the same box I received as the insurance numbers were different.

It was indeed good to hear again of the people I used to know — Lt. Hammond, Miss Grupa and others — and to hear of the safety of some of the alumni. Would that they could all return!

My army life is yet too new to include any exciting experiences,

but I have enjoyed every
minute of it. My assignment
as a member of cadre will, I
believe, keep me here at the Post
for quite some time. Your
'newsy' letters will keep me
posted on the happenings at
Bryant while I am away.

Thank you again for your
gift, and Merry Christmas to
you all.

Sincerely

Virginia Besaw '38
Capt., WAC.
