Dear Sir:

I know you are interested in news from Alumni, so I would like to inform you, for the Alumni Bulletin that I have been engaged to Miss Alice J. Bryant, of 76 Depot Street, East Wareham Massachusetts. (Bryant again - I guess I can't get away from that name) The engagement was announced by her mother Mrs. Walter L. Bryant. She is a graduate of Allegheny College, Meadville, Pa, and is an English teacher at Farmington High School, Farmington, Conn, where I taught school before going into the Coast Guard.

Is the Alumni Bulletin still being published? I haven't received one in about a year. I would appreciate receiving them addressed to the address on the envelope.

Thank you very much
