Dear Sir:

Re: Package Candy

I hereby acknowledge receipt of the above-named subject,  
and thank you

My present mailing address has been changed to the one above.

My position with the Armed forces allows me to commute with  
my home daily. In consideration of this, I would prefer if you  
would keep my name at the end of the file when sending any  
future gifts to Bryant Alumni.

It was extremely pleasing to receive the mimeographed letter  
relating the many changes that this war has brought to Bryant  
College.

Very truly yours,
