Dear Mr. Jacobs,

I am fine and hope you, your dad, and the entire staff are likewise. I am on another new assignment. I am working with the Finance Director of Allied Military Post, located in the office of the Chief Accountant, and boy, I'm showing accounts to the staff. It's a beautiful city, somewhat in Italy, and tell Prof. Richards that there are many beautiful girls here, but very few cigars. My Uncle (captain also) is in the Harbor Division, so Bryant is still carrying on famously. John Doo Doughty from Fall River is with the 45th Army Group in the Intelligence Section. If I could a few more Bryant grads I'll hold a reunion. What for next around Bryant and Providence?

During my tour of duty in Africa, I had the good fortune of being able to visit every city of consequence, and now, well, I tell you, you can be proud of many things. But my love to your dad, the Allen Prof. Richards, and the rest of the staff. Very truly yours,  
Wm. Gardner Jacobs
