Bryant Senior Club
Bryant College
Providence, R.I.

Dear Mr. Chairman,

Thanks again for our package. I received it this week & was very thankful.

Since I last had a chance to write, some of Bryant's alumni, who were stationed here with me, have left. Al Wilson '40 is now in South Carolina in mounted beach patrol school. Curt Dikerman '40 is in Carter Bay, Maryland at Chemical Warfare school. Ray Mancini, another alumnus, has left for foreign duty. At the present time only two members of Mr. Gulski's "Unholy Four" are left, they being Gordon Micklejohn '41 and myself. Of course, as can plainly be seen, seamanship is still a vital task. I am sure that Mr. Gulski will recall this scratch.

It is always nice to hear from the college as many happy memories are

assisted there.

Regards to all & many thanks for
the remembrance.

Sincerely,

Jenneth B. Hazard '41
