Dear Miss Blaney,

I write to thank the Club for sending me a copy of "On the Campus"; I enjoyed reading it very much.

I received a tin of "Prince Albert Smoking Tobacco" and as there was no return address on the wrapping I was in doubt as to who sent it but figured it came from the Club. Am I right? If so thanks.

Please excuse the note-book paper but there is no writing paper for sale on the base. The store took inventory the other day so I imagine they will get a new supply in shortly. I do hope the graduation is run off in grand style and that the Graduation Ball is a social

Success.

Give my best wishes to all.

Gratefully Yours
Eddie Healey

P.S. Would be Grateful if someone would inform me concerning the boards so that I may look around for someone else to thank if it did not come from the school.
