

AIR FORCES TECHNICAL SCHOOL  
CHANUTE FIELD, ILLINOIS

1<sup>st</sup> Squadron  
Banacks 131  
December 28, 1942

Dear Members:

I thank you for remembering a soldier.

If you did nothing more than send us your school paper you would have done a magnificent deed. (we like to hear about our old friends so much), but you go further than that. You send us all type of gifts; candy, cakes, socks, etc. Bryant certainly has something to be proud of in your organization.

In reading the paper, however, I noted that one group was neglected. That was the girls who, under Miss Collins' eye, served so graciously as dancing partners for the armed forces.

Let me say that you girls do a most noble deed in building

morale. There is nothing a soldier  
 likes more than to glide in the  
 floor with a charming young  
 lady in his arms. And, it must  
 be heaven to have that occasions  
 with a Bryant girl, for Bryant girls  
 have long been known as the Acme  
 of Feminity.

Thanks, once again, and keep up  
 the grand job.

Yours truly,

"Rocky" (Hearn)
