Hello Gang,

I received your very nice Easter gift and I thank you all for your kindness. It's swell to know the folks back home are still thinking of you.

The weather here in Montana is beautiful although the natives of the state claim it is really a false Spring. They say we are still due for some more cold weather, but nevertheless I am enjoying this while I can.

I hope to be enjoying some Rhode Island weather in a couple of months when I come home on furlough (I hope). When and if I do get this furlough I'll try to drop in and see you all. Thanks again.

Cpt. Joseph A. Houle jr.
