Gloversville N.Y.
April 1st

Dear Miss Blaney.

You will no doubt be glad to know that Walter has passed his exams at. Pre. flight with a high average, and is now flying and is stationed at Thunderbird Field No 1 Phoenix Arizona.

He has wrote us about the Chinese Cadets that are at the field and one of them who he is helping with his studies.

The Japs took his home town six years ago and he escaped and went to a Chinese military school and after he finished he

was made a Lt., after serving
for some time he took an
exam for the Air Corps and was
sent over here to train.

It took them three months
to make the trip.

Thunderbird is a very pretty
field and it has cottages built
in rows and has eleven men
in each cottage. They have $3/4$
beds with intersprung mattress
also shower and toilet.

The sides of the landing
strips are in lawn dotted
with flower beds.

They also have two large
swimming pools and the
food is of the best and
wonderfully prepared.

I would very much like to have a post card folder of Providence or if you could send one to Walter so he can show it to the boys at Camp.

Thanking you for the above favor and wishing you continued success with your Service Club.

I remain
Very truly yours,

George Lyon
