Boys' Service Club:

I received your very welcome package today and am acknowledging receipt immediately.

It's a fine gesture you, the Club, are making and you may be sure that we boys in the Service appreciate it very much.

It seems to me that it would be a very good idea if the Club could forward to each one of us boys a list of the others who graduated in the same year and are in the Service.

Merely a suggestion but I know all the others I have met would be appreciative.

Thank you again.

Best
