Dear Folks

As usual I am away behind  
on my correspondence.

I received your very nice  
gift of cigarettes and put them  
to use immediately.

~~I see list of addresses I see  
you have my partner in crime  
in my Bryant days, Gene Peterson~~

I found your letter most  
interesting and I am very proud  
of the record being made  
by Bryant men on all the  
battle fronts

Thanks lots for the smokes,  
and so long for now.

Sincerely  
George J. Foss
