

June 12, 1943  
Saturday.

Dear Sirs:

I received your package yesterday in the morning mail call. I thank a lot, it was a complete surprise to me because it was my first gift from Bryant.

Today 120 men shipped from here to get to Nashville to be classified. This is the second shipment we have had from here. I'll see one more bunch go then I'll go.

It is swell up here. It is nothing like the real army. It is about like going to Bryant except you don't go home, even, and we have PT (Physical Training) every day, Mon - Sat.

PT is the next thing on the schedule today. We've got to start

a mountain again. PT has  
always ends with something to make  
you exert yourself to the maximum!

I have enclosed a copy of our  
detachment paper. I thought it  
would give a good overall picture of  
what we do as to spots, etc.

The bill will run pretty soon  
now for PT so I guess I'd better  
mail this.

I look again for the small  
package!

Sincerely

Hawaii
