My dear friends;

The other day I received your package which you sent to me a while back. Let me take this opportunity to thank you for your kind deed.

Since the last time you heard from me a lot has happened to me. In May of this year our outfit returned ^{home} back from overseas. We had a 30 day leave which was welcomed by us all. Just before coming back I received the sad news that my mother passed away.

When I was home on my 30 day leave I was married to a girl in my home town. So you see a lot has happened.

At the present time we are stationed at this base doing a very important job.

I hear from a couple of my classmates now & then & naturally I am glad to hear from them.

When I next I was back at Beaufort village.

However those days are over for now.
I will always remember those days spent
at Bryant. They were the happiest days of my life.

It sure seemed good to get back to
the good old U.S.A. Being away from home
really makes you appreciate things a lot
more.

There is no news from here. In
fact I can't even tell you what we are
doing here in the states, however let
me say we are doing an important job.

It will be nice when the war is over
and we can all get together again. Let
us pray that this war will be over soon
so we may all be together again.

I would like to hear from you all & also
know the latest news of Bryant.

Until we meet again

Thanks again for remembering
me.

God Bless You All
Sincerely
Richard C. Whittaker
U.S.M.R.
