

Dear Chairman

7/26/42

Received your package at a time when it did the most good. I am sick in the hospital and the box of candy really hit the spot. Your kindness is appreciated very much.

Everything is going smoothly at this field. My only complaint is that I have to lay in bed where I'm not doing a bit of good.

Say hello to the faculty for me and also give my congratulations to the graduating class of 1942 for their splendid work in organizing the Bryant Service Club. It is something to be proud of and you can be sure the Alumni appreciate it

Sincerely yours

Albert F. Wiesner, Jr.
