

Amphibious Training Base  
Little Creek. Va

June 17, 1943

Hello Folks.

I just came back from a nine  
leave which ended all to soon and  
found your very nice gift of food  
which you sent to me.

I am still stationed here at  
Little Creek. Va. in the I.B.M. Department  
of the Amphibious Command.

My Bryant Training sure was  
a great thing, for you see I am  
working with Reports of all types  
which are sent to Washington, every  
month.

IT

My visit to Bryant while I was  
home was a pleasant one, it sure  
brought back memories. But this war  
sure has made many changes, even  
there at school.

We are having some of the hottest  
weather down here, I think that I  
have never seen. You just can't keep  
anything dry.

Please keep up the good work  
and thank you very much.

As Ever  
George J. Matras
