Dear Bryant Service Club -

Very happy to receive the news of Bryant. As I have moved on from my last station I am sure the Easter package will catch up later & so thank you now. I am now located in the Marshall Islands & at this point have 5 of the required 20 missions in. Very warm but plenty of ocean to cool off in. Looking forward to seeing New England in the winter time & will sure enjoy it. Thanks again for the news of school.

Sincerely
 William E. Stearns
